

Year Group: 1

Term: Autumn

Long Term Plan Theme:

Great and Ghastly Events

Curiosity (Engagement)

We will develop our curiosity through asking questions and sometimes discovering our own answers through researching ideas.
We will develop our curiosity through improving our listening and communication skills.

Teamwork / Independence

We will ensure that we will work well together in groups and independently during our learning.

Resilience

We will develop our resilience by approaching all learning tasks with our best effort. When choosing challenges we will learn the we only make progress by making mistakes.

Empathy

As we begin Year 1 we will focus on friendships and empathy and, along with our values, these will underpin our daily lives.
We will build our skills in empathy by listening to others, face to face and through stories thinking about feelings and emotions.

As mathematicians

As mathematicians, we will continue to work towards developing a knowledge and understanding of numbers and the number system. We will link our learning by writing dates.

As readers and writers

As readers and writers, we will be learning to use fiction and non-fiction texts and we will use our findings to help us write. Our writing will include labels, lists, captions and instructions.

As scientists

As scientists, we will be looking at sources of sound including fireworks and light sources including reflection.

As geographers

As geographers and scientists, we will Identify seasonal and daily weather patterns in the United Kingdom.

As computing experts

As computing experts we will control motion by specifying the number of steps to travel, direction and turn (BeeBots, 2Simple 2Go)

As historians

As historians, we will start by looking at big events in our life times such as family events and starting school.
We will then explore some great and ghastly events that happened in Britain and around the world such as The First Moon Landing and the Gunpowder Plot.

As designers

As designers we will design, make, evaluate and improve products through building structures.

As artists

As artists we will draw an paint images of inventors and inventions using different techniques.

As musicians

As musicians we will explore pitch and understand relationship between pulse and rhythm

As athletes

As dancers we will be using our imaginations to explore the Planets. We will copy and create simple movement patterns. In games, we will practice basic movements and begin to develop simple tactics for attacking and defending and develop our co-ordination and agility through a series of challenges.

As religious experts

As religious experts, we will learn why Christmas is important to Christians and why Jews celebrate Shabbat.
