

Worplesdon Primary School – Weekly Update

Dear Parents / Carers,

Friday 20th September

Thank you to everyone who was able to join us at our 'Start of the year' meetings on Tuesday – we hope that you enjoyed seeing what the children have been learning so far as much as they enjoyed showing you! If you were unable to attend but have any questions then as always please don't hesitate to contact us.

The children have been busy rounding and working with larger numbers this week in maths. It has been lovely to see how many children have chosen to complete the practical maths activities on the homework passport so far. In English we have been further developing the children's descriptive skills and they have been really thinking about the impact of their vocabulary choices on their reader. The more children read, the more vocabulary they gain, so please encourage your child to read as regularly and widely as possible.

As mentioned previously, we will be starting our swimming lessons next half term. It is anticipated that all children will take part, however if you do have any concerns we would be grateful if you could discuss these with your child's class teacher in the coming week.

Many of our children have been coming in without their school reading books this week. Could you please remind them to put these in their school bags to bring them in every day. Your support with this is appreciated.

We are pleased to say that nearly every child had their full PE kit in school this week – thank you!

Kind regards,

The Year 5 Team
