Surrey County Council is proposing the development of places for primary pupils with an Education Health and Care Plan (EHCP) and who have Communication and Interaction Needs (COIN) in Surrey. It is proposed that Freemantles School and Worplesdon Primary School work in partnership to run the centre which will open with 15 places available across a reception and year 3 intake in September 2020 and including pupils in year 4, 5 and 6 who currently attend the temporary centre at Freemantles School (Pupils attending the temporary centre who will be moving into years 4, 5 and 6 in September 2020 will be offered a place subject to the placement still being named on their Education Health and Care Plan). There will then be 18 places in September 2021 and the full 21 planned places in September 2022.

The pupils at the centre will be on roll at Worplesdon Primary School and it is proposed that Worplesdon Primary School reduce the mainstream reception year PAN from 60 to 57. Alteration description

4. A description of the proposed alteration and, in the case of special school proposals, a description of the current special needs provision.

To create a specialist centre at Worplesdon Primary School in partnership with Freemantles School for pupils with Communication and Interaction Needs (COIN).

This proposal will assist with the development of places for primary pupils with an Education Health Care Plan (EHCP) and that have Communication and Interaction Needs (COIN) in Surrey.

There is not currently a specialist provision at Worplesdon Primary School. The proposal is for Freemantles School and Worplesdon Primary School to work in partnership to provide a specialist centre in a new building at the heart of the site at Worplesdon Primary School. Freemantles School is currently a special school for children and young people with Complex Social and Communication Needs (CSCN) usually associated with autism.

School capacity

5.

- (a) details of the current capacity of the school and, where the proposals will alter the capacity of the school, the proposed capacity of the school after the alteration;

There will be 21 new planned places (3 in each year group across the primary school) for pupils that have Communication and Interaction Needs (COIN) in Surrey.

The mainstream PAN in infants will reduce from 60 to 57 in reception. This will allow for inclusion of pupils attending the centre in the mainstream school and keep infant class sizes to a maximum of 30. The changes to admissions are subject to the Surrey County Council school admissions consultation for community and voluntary controlled schools for September 2021 which will be available at www.surreysays.co.uk

- (b) details of the current number of pupils admitted to the school in each relevant age group, and where this number is to change, the proposed number of pupils to be admitted in each relevant age group in the first school year in which the proposals will have been implemented;

The current Published Admission Number (PAN) for Worplesdon Primary School is 60 in reception and 30 in Year 3. Under this proposal, the PAN would be reduced to 57 in reception subject to the school admissions consultation.

It is proposed that the specialist centre would have 21 planned places

- (c) where it is intended that proposals should be implemented in stages, the number of pupils to be admitted to the school in the first school year in which each stage will have been implemented;

New pupils would be admitted into reception and Year 3 in September 2020 through the EHCP and admissions process and in each subsequent reception intake thereafter. The school would grow incrementally, year-on-year.

Pupils attending the temporary COIN centre at Freemantles School moving into years 4, 5 and 6 will be offered a place subject to the placement continuing to be named on their Education Health and Care Plan

Therefore there will be 15 planned places in September 2020, 18 in September 2021 and 21 in September 2022.

- (d) where the number of pupils in any relevant age group is lower than the indicated admission number for that relevant age group a statement to this effect and details of the indicated admission number in question.

The proposal is in response to demand for specialist centre provision in the south west area for pupils with special educational need, particularly for pupils with COIN. Currently other specialist provision in the local area is operating at or above capacity.
