

Worplesdon Primary School – Weekly Update

Dear Parents / Carers,

Friday 11th October

What a lovely way to end the week! Thank you so much to all the grandparents and friends who were able to visit the children in their classes, we have had a wonderful afternoon.

As writers we have used the text 'Man on the Moon' to help us write sentences using full stops and capital letters.

As mathematicians we have been comparing the height and length of objects using non-standard and standard units. The children have really enjoyed using our shoe shop to help with this.

As scientists we have been sorting materials to find out if they are magnetic or not. We have recorded our findings on a chart.

As artists we have looked at the work of Kandinsky and made pictures using circles. We have added frames to our pictures too.

We hope you are all enjoying using bug club. Please do pop in and ask us if you need any help with this.

Thank you so much for all the grapes and apples you donated, this meant the children could make some wonderful creations today.

We are really looking forward to seeing you all at parents evening next week. If you haven't yet made an appointment there are still spaces available and we would love to see you.

Many thanks

The year 1 team.
