

Worpleston Primary School – Weekly Update

Dear Parents / Carers,

Friday 11th October

This week, in Maths, the children were taught a series of lessons involving fractions, including simplifying fractions and finding fractions of numbers. We were impressed with the children's resilience with this. In English, we planned our own non-chronological report based on the Ancient Olympic Games. The children used chromebooks, books from the library and the facts they learnt on Greek day to support them with this. We are looking forward to them writing it up next week.

On Tuesday this week, it was Greek day. The children all looked excellent in their costumes, thank you for your support with this. It was a brilliant day and the children thoroughly enjoyed all the activities; especially the mini Olympics and acting out Theseus and the Minotaur. If you have not yet paid the £6.00 contribution for this workshop, it is not too late to do so.

As a reminder, it is parents evening next week. We are looking forward to meeting you all. If you have not yet booked, please go onto parent mail to book a slot. The consultations will take place in Jays classroom and the waiting room will be in Wrens classroom, where you will have a chance to look at your child's books.

We just want to thank everyone for their support with Grandparents day. The afternoon was a lovely experience and the children produced creative pieces of work. Furthermore, thank you to those that donated money towards Guided Reading books, we really appreciate it.

Thank you for your continued support; we hope you have a lovely weekend.

Miss Hines, Miss Dunne, Mr Clifton and the Year 6 Team.
