

Worplesdon Primary School – Weekly Update

Friday 11th October 2019

Dear Parents / Carers,

We would like to begin by saying how lovely it was to see so many Grandparents and friends in school today to celebrate with us. We are very grateful for all your continued support.

In English, we are continuing our work on explanation texts this week with The Water Cycle as our focus. We have been impressed with how well the children have used the technical vocabulary. Next week, the children will be writing their own explanation text based on all our work about rivers and coasts.

In Maths, we have been investigating addition using the column method. Next week we are moving onto subtraction. They will be practising their fluency and their problem solving skills.

We are looking forward to meeting with you all next week at Parents Evening. If you have not yet signed up for a slot, please do so as soon as possible.

Please remember that the deadline for deposits to secure a place on our PGL trip is half term!

If you have any old (but still in good condition) children's magazines please could you send some in so that we can offer a variety of reading material in the classrooms. We are also looking for donations of old coats or any other old uniform to add to the school's stock. Thank you.

Many thanks to all of you who donated to the collection of tins and packet goods for Guildford food bank; they are always very gratefully received.

Finally, next Friday (18th October) is Nightingales' class assembly. It would be lovely to see as many of you there as possible. Please keep an eye on your ParentMail for a separate email with more details.

Kind regards,

The Year 4 team
