

## Worplesdon Primary School – Weekly Update

Dear Parents / Carers,

24<sup>th</sup> October 2019

We really enjoyed seeing all the children's home learning from their homework passports yesterday. We were so impressed by their efforts (and yours!) to complete so many of the activities and be able to show so many lovely photographs and pieces of work. Thank you so much for supporting your children with this. We have now sent home their new homework passport for the next half term. We hope you enjoy choosing which activities to do!

The children have continued to practise their adding and subtracting this week by using the column method which they have done really well with. This has reinforced their knowledge of 2-digit numbers and place value as well as encouraged them to organise and lay out their work neatly.

In English, the children have continued writing information reports about the types of houses, travel and help we have today compared to 1666 during the great fire of London. After half term, the children will be writing about how they imagine the houses, travel and help to look like in the future. The children will be coming home with an activity to complete over the half term to help them with this – we would appreciate your support in getting this back to school on the first day back so we can use it to support out writing. Thank you.

Larks class have come home with their script for their class assembly which is the first week back after half term. Please help your child learn their lines and be able to say them clearly, with expression and confidence ready for the assembly on 8<sup>th</sup> November.

We hope you have a wonderful half term,

Year 2 team
