

Worplesdon Primary School – Weekly Update

Dear Parents / Carers,

Friday 8th November 2019

This week the children shared the tasks they completed for their homework passport. We were thoroughly impressed with the children's creativity and all the thought that went into their work. Today, you will receive their new homework passport for this half term.

On Monday next week, Year 6 will be taking part in an environmental workshop all day, which is very exciting. The aim of the programme is to empower primary school students to reduce the carbon footprint of their school. Information on energy use will be presented in real-time in an easily accessible web-based interface, which will provide the children with data they can use to change habits in the whole school community.

As a reminder, this half term, in our learning for life lessons, we will be building on discussions that took place in the summer term around puberty and the changes in our body. If you have any questions, please feel free to speak to your child's class teacher. Furthermore, Year 6 mocks will take place the week beginning 2nd December, more information regarding this will be provided nearer the time.

Next Friday (15th November), it will be Wrens class assembly all about anti-bullying. The performance for parents will be at 2:45pm in the school hall. We look forward to seeing you there.

Thank you for your continued support; we hope you have a lovely weekend.

Miss Hines, Miss Dunne, Mr Clifton and the Year 6 Team.
