

Worplesdon Primary School – Weekly Update

Dear Parents / Carers,

Friday 15th November

On Monday this week, the children took part in an environmental workshop all day. They thoroughly enjoyed taking part and gained a greater understanding in ways to help the planet and save energy. It was great to see them being so enthusiastic and working well together in teams.

Additionally, a massive congratulation to Wrens class who performed their class assembly today. The children spoke confidently and shared lots of information about bullying to the rest of the school. We were very impressed with all their hard work.

Next week, the children will be starting their DT project, which involves the children designing their own stalls for the Christmas fair. We would greatly appreciate it if all children could attend the Christmas fair to run their stalls. Without their presence, the stalls cannot happen. They will be working in groups; therefore, the children can plan a rota so they do not have to attend for the whole time. We have also spoken with the children this afternoon and asked them to consider whether there are any materials such as cardboard, tinsel or similar that they would like to bring in from home to use in the construction of their stalls.

Furthermore, on Monday next week, we have members of the Guildford Flames visiting our year group to discuss drug awareness, which is linked to the national curriculum. Class teachers will then provide a follow up lesson that week, building on from their talk. In addition, this half term, in our learning for life lessons, we will be building on discussions that took place in the summer term around puberty and the changes in our body.

Thank you for your continued support; we hope you have a lovely weekend.

Miss Hines, Miss Dunne, Mr Clifton and the Year 6 Team.
