

Worplesdon Primary School – Weekly Update

Dear Parents / Carers,

Friday 22nd November, 2019

Once again, a huge thank you to all our parent helpers, those who come swimming on a Tuesday and those who come into support our readers. It is hugely appreciated.

Curriculum

In Maths we have been deepening our understanding of multiplication and division. The children have been developing their understanding of the 8 times table! Again, can we ask that they continue to practise using Times Tables Rockstars at home as this supports the learning in school. In English, we have continued our focus on paragraphing and structuring writing to ensure flow and consistency. This week, the children came up with their own ideas, it was great to see the children getting creative with their for and against arguments. Within the foundation subjects we have been learning more about different types of skeleton in Science and about Iron Age tools in History. Thinking ahead to Christmas, we will be making a Christingle in our R.E. lessons and would appreciate the children bringing in some elements to support this, they would include a red ribbon, a candle, some foil and an orange. This will be week beginning 2nd December.

Christmas Carol Service

On Thursday 19th December, we will be walking to St Mary's Church to take part in the annual carol concert. If you are available to walk with us, we would be delighted to have you. We aim to leave school at approximately 8:50.

Home learning

This week we have continued to receive pieces of homework, it is lovely to see the children so excited about the activities they have chosen to complete. If you have any problems with this, our door are always open. **As always we would like to see the children complete 4 signed reads every week.**

Thank you for your ongoing support, as always if you have any concerns or questions, please do not hesitate to speak to your class teacher.

Kindest regards

The Year 3 team.
