

Worplesdon Primary School – Weekly Update

Dear Parents and Carers of Year 4,

Welcome back and happy New Year to you all! It was lovely to see so many children bringing in homework already! We are so impressed with the quality and variety of the tasks completed.

Quite a few children have returned to school with new fitness trackers/smart watches. We would just like to remind you all that these must only be used as watches and not to send or receive information or messages. Please also ensure that they are not set to make any sounds during the school day. All fitness trackers must be removed during PE sessions like all other watches and jewellery. Thank you for your support.

In English, we have started our new text 'An Astronauts Guide to Life on Earth' by Chris Hadfield. Our skill focus is using and identifying fronted adverbials. Next week we are going to be writing diary entries as Chris Hadfield about life on board the International Space Station.

In Maths, we have been concentrating on the 11 and 12 times tables. Next week we are moving onto factors and multiplying a 3-digit number. Please continue to encourage your child(ren) to practise their times tables using Times Table Rockstars.

Some dates for your diary:

Woodpeckers Class assembly: Friday 7th February

Year 3 and 4 Production: Thursday 19th March

Kind Regards,

The Year 4 team
