

Worplesdon Primary School – Weekly Update

17.1.20

Dear Parents and Carers,

This week in English we have been continuing to write diary entries based on Chris Hadfield's mission on the ISS. The children have been fascinated by life in space and have shown their curiosity by asking many questions. Our skill focus has been and will continue to be using a range of fronted adverbials. Next week, the children will be inventing their own story set in space.

In Maths, we have been learning about and using factors. We have then used this information to multiply three one-digit numbers together. We have also been recapping short multiplication. Next week, we are developing our fluency with division. As always, please continue to practise the children's timetables.

We have started to plan our model Roman Chariot's in DT. We still need a few small boxes so if you have any spare please send them in. We are very excited to make them!

On Wednesday 22nd January, we will be having a Mufti day to raise money for the animals that have been affected by the bush fires in Australia.

Some dates for your diary:

Woodpeckers Class assembly: Friday 7th February

Year 3 and 4 Production: Thursday 19th March

Kind Regards,

The Year 4 team
