

Worplesdon Primary School – Weekly Update

Dear Parents / Carers,

Friday 24th January, 2020

This week in English the children have been further developing their paragraph skills by writing an explanation text about tsunamis. Next week they will have a range of natural disasters and will be choosing which one to write about – we look forward to seeing what they produce!

In maths we have been using the standard method for multiplication and the children have been applying their multiplication facts. Timestable Rockstars is a great way for them to practise these and their login can be used at home too!

In PE this term the children are developing their gymnastics skills. They have been creating short routines with symmetrical and asymmetrical balances as well as thinking about different ways to travel. We have been very impressed by what they have created so far.

Next week we are short of one parent helper for swimming. If you are able to help then please let us know – and a huge thank you to the parents who have helped out so far. Please could you also remind your child to bring their swimming hat next week as many had forgotten theirs this week.

Also a quick reminder that we would be very grateful for any fabric or items that can be used to make the children's cushions for their DT projects. Or if you have any stuffing for inside these then that would be fantastic too!

As always, should you have any questions or concerns then please don't hesitate to speak to one of the team.

Kind regards,

The Year 5 Team
