

## Worplesdon Primary School – Weekly Update

24.1.20

Dear Parents and Carers of Year 4,

This week in English, we have been writing our own space-themed diary entries using the skill of including a range of fronted adverbials. We have been impressed with the creativity shown by the children. Next week, we are starting a new text, 'Oliver Twist'. Over the next three weeks, we will be focusing on using a mixture of sentence types: simple, compound and complex.

In Maths, we have been practising our division skills and learning about the different methods to solve division problems. Next week, we start to look at fractions. We will start by finding equivalent fractions using manipulatives and multiplication.

We have started to make our model Roman chariots in DT. The children are welcome to bring in shiny paper to help decorate them.

Several children have been bringing in highly scented rubbers, pencils and lip balms. These can cause a distraction to others in lesson time so can we ask that they are left at home. Thank you.

It was lovely to see the children in mufti on Wednesday, helping to raise funds to help the animals affected by the Australian wild fires. Thank you for your support.

Finally, Woodpecker's class assembly is fast approaching. Please keep an eye out for lines to learn and further information.

Kind Regards,

The Year 4 team
