

## Worplesdon Primary School – Weekly Update

7.2.20

Dear Parents and Carers of Year 4,

Massive congratulations to Woodpeckers on their fantastic class assembly! It was lovely to see so many parents today, the children worked really hard to put it together.

This week in English, we have tweaked the story of Oliver Twist using a variety of sentence types. Next week, we will be writing our own adventure set in Victorian London. We are impressed with how well the children are engaging and enjoying Oliver Twist.

In Maths, we have been adding and subtracting fractions with the same denominator. Next week, we will be finding fractions of amounts using division and we will use fractions to solve a variety of problems.

Next week, we will be having our half-termly celebration of the fantastic homework the children have submitted. We are constantly impressed with the variety and quality of the pieces! The new homework passport will be on the website shortly.

We are trying to build up our stock of wet play board games. If you have any old ones at home these would be gratefully received. Thank you!

You should also have received an email regarding our upcoming performance of 'Treasure Island'. We will try to send the scripts out before half term so that the children can familiarise themselves with their lines. As last year, each class will be performing a third of the play as this allows more children to have speaking roles.

A quick reminder that on Friday 14<sup>th</sup> February, there will be an Inset day.

Thank you for your continued support,

Kind regards,

The Year 4 team
