

Worpleston Primary School – Weekly Update

Dear Parents / Carers,

13th February 2020

We really enjoyed seeing all the children's efforts for their homework activities on Wednesday this week. Thank you for taking the time to complete these activities with your children – they really love showing them in class! We have now sent home next half term's passport based on our new topic of the rainforest. Enjoy!

In English we have written letters to the local council persuading them to make changes to the Fairlands park. The children designed a new park after our walk to the community centre last week and they have loved thinking of reasons why the council should invest money to make it better.

In Maths we have been learning about 3D shape, looking at edges, vertices and faces. After half term we will finish learning about 3D shape before moving on to length and measure.

Next half term we will be swapping the forest school groups. If your child has not done forest school this half term, they will be doing it next half term. They will need to bring warm clothes and welly boots to change into on a Thursday afternoon. We will remind you of the new group via a poster in the window after half term.

We wish you all a happy half term and look forward to seeing you the week commencing 24th February!

Kind regards

Year 2 team
