

Dear Parents / Carers,

Friday 28th February 2020

Swimming

The children had their final swimming session on Monday and thoroughly enjoyed their Fun splash session. The children have made excellent progress in the water and represented the school brilliantly, we are very proud of them.

Curriculum

In Maths the children have continued learning about measure and deepened their understanding of adding and subtracting measure in different contexts. They have had to convert different measures in order to add or subtract these efficiently. In English, we have begun a unit on non-fiction writing with a learning focus of structural features such as sub-headings. The children have been busily planning a report on Lions using the facts they have been given.

As well as this, the children were lucky enough to participate in a Cheer workshop, where they learnt all about the athletic and gymnastic moves associated with Cheerleading. They were able to take part in a tumble based activity, as well as stunts and dance. The children thoroughly enjoyed this and it was great to see them taking part with such enthusiasm.

Home learning

The children's new homework passports have been given out to them so they can begin to choose the tasks they would look to complete, our topic this term is Eurovision. Just a reminder that the continued use of our online resources such as Bug Club, Times Table Rockstars and Spelling Shed are greatly beneficial to the children, as always their logins can be found at the front of their reading diaries.

You may know that in the next few weeks, Year 3 will be taking part in a production of Treasure Island. A letter with more information will be sent out soon.

As always we would like to see the children complete 4 signed reads every week.

If you have any questions please pop in and see your class teacher, our doors are always open.

Kindest regards,

The Year 3 team.
