

Worpleston Primary School – Weekly Update

13.3.20

Dear Parent and Carers of Year 4,

This week we have been working so hard on our production of Treasure Island, and are looking forward to sharing it with you next week. The tickets are now available online if you have not already secured one. If your child has not yet brought their costume in, can they do so by Monday 16th March. Thank you! Keep practising the words and songs as much as possible.

The production has been our focus in English this week, looking at performance skills and planning an alternative ending of Treasure Island. Next week we will be continuing our rehearsals as well as writing our alternative ending to Treasure Island.

In Maths, we have been continuing our investigations into Decimals, dividing 1 and 2 digit numbers by 10. Next week, we will be deepening our understanding of tenths and hundredths.

On Wednesday 1st April, we are holding our information meeting about PGL. There will be two meetings at 2.45pm and 6.00pm. If you are unable to attend either we can send the information home. In the coming weeks we will be grouping the children into day groups and rooms.

As a school, we are introducing an exciting new reading challenge to build on the enthusiastic response to Book Week. The children will be able to achieve bronze, silver and gold certificates for reading each night. More information will follow.

Finally, if any parents or carers would like to come in to listen to children read we would really appreciate it. Some children can find having their parent in the class a bit of a distraction so if it is easier for you to be in a different classroom then that can be arranged.

Kind Regards,

The Year 4 Team.
