

## Worplesdon Primary School – Weekly Update

Dear Parents / Carers

Friday 20<sup>th</sup> March 2020

Thank you for your support and understanding during this time. Our first priority remains ensuring the health and wellbeing of our pupils and delivering a high quality education. With this in mind, we would like to remind you of the log in procedures for Google Classroom.

### **Google Classroom.**

Go to your search bar and type in:

Classroom.google.com.

You will then be asked to put in an email address and a password, for example:

You may then be asked to enter a classroom code, the Year 3 one is:

**5z13nxb**

The Year 3 team will be uploading lessons for the children to complete and hand in. This may take the form of completing a document online, or they may be asked to take a photo of some work and upload it. We will be ensuring that lessons continue to follow our curriculum and strive to ensure support and challenge is in place for our learners.

### **Curriculum**

In English, we have begun a new unit where the children will be writing using fronted adverbials. In Science, the children have been continuing to monitor how the seeds we have planted are growing with and without certain elements and beginning to learn about the process of pollination. In Maths, we have been assessing their understanding of fractions and consolidating their learning of perimeter of shape.

### **Year 3 and 4 production**

Thank you so much for all your support with costumes for the production. The children have enjoyed singing their songs and performing their dances. It is such a shame that this could not go ahead however we have acknowledged their resilience both in class and assembly. We are so proud of how they have dealt with the situation.

### **Home learning**

With school closures beginning next week, our online resources are more valuable than ever. We recommend the continued use of Bug Club, Times Table Rock stars and Spelling Shed.

**We would recommend the children complete a daily read of 20 minutes.**

Thank you for your understanding during these challenging times. If you need to contact us, please do not hesitate to do so via email. We send you our very best wishes and hope to see you soon.

Kindest regards,

The Year 3 team.
