

## Worplesdon Primary School – Weekly Update

20.3.20

Dear Parents and Carers of Year 4,

We want to start by thanking you for all your understanding at the end of a challenging week. We are hopeful that once everything is back to normal next term, we will be able to find a date to put on our production, as the children have worked so hard on it. Many children have stepped up this week to learn additional parts and lines at short notice and we are so proud of them all!

In Maths we have been continuing our work on Decimals, comparing and ordering. Next week we will be consolidating our work on decimals and fractions.

In English we have been continuing to write our own versions of Treasure Island. Next week we are moving onto our new block of work: writing a non-chronological report about Iceland. Our skill focus will be using headings and sub-headings.

As you are aware, we have set some work online on Google Classroom for the children to complete whilst the school is closed. On the Year 4 classroom, you will find activities organised by day for the children to complete. We will continue to add tasks on a daily and weekly basis until everyone is able to return to school. Please continue to read with your child and use Times Table Rockstars, Spelling Shed and Bug Club, as additional learning tools.

To log on to Google Classroom

our classroom code is 5bz73tn.

If you have any questions or concerns over the coming weeks then please do not hesitate to leave a message on the Google Classroom or email your child's teacher directly. We will be working and online over these weeks to support you and we will get back to you as soon as we can. Our email addresses are below.

Today was our Mother's Day Sale and the children enjoyed buying a small gift to bring home. We decorated the bags in our art lesson and the children worked very hard on them!

Thank you for your continued support!

Stay safe and healthy!
