

Worplesdon Primary School – Weekly Update

Friday 3rd April 2020

Dear Parents / Carers,

As we reach the end of an unusual term at Worplesdon, we want to take the opportunity to say a huge 'Well Done' to the children in Year 4. Their ability to adapt to the changing circumstances has demonstrated to us all how they are living the school values:

Resilience - keeping going even when the work is challenging.

Perseverance - working through all the technical challenges.

Teamwork - working with parents and siblings to understand the tasks and work through them.

Independence - completing work and uploading it onto the classroom.

We could not be prouder of them!

As a reminder, we have tried to set an English, Maths and spelling task for each day, as there would be in school, and a variety of foundation subject tasks should you want them. However, we are aware that it is a challenging time for all involved so please note that we do not expect every child to complete every daily activity and we encourage other creative, outdoor or family activities.

If a piece of work is completed after the day it is set for please put a comment when you hand it in so that it comes into the teacher's emails and they can then mark it.

Our primary method of feedback with the children is on Google Classroom. Please continue to remind children to check back on previously submitted work so that they can check our comments. In addition to this, in some cases, Teaching Assistants and Teachers may contact you by phone or email to give additional feedback and check how children are doing in this strange situation.

In English after the Easter holidays, we will be moving onto a new text for three weeks. It will be a video called Taking Flight. In the first week, we will be asking the children to retell the story using fronted adverbials. In Maths, the children will be continuing to work with money. This time using their problem solving and reasoning skills.

Thank you again for your ongoing hard work and support in this challenging time.

We all hope you have a great Easter Break!

The Year 4 Team.
