

Worpleston Primary School – Weekly Update

Dear Parents / Carers,

Friday 3rd April 2020

We continue to be extremely proud of how well the children are doing. It is great to see the children uploading their work and leaving us comments and questions regarding their work. They have demonstrated independence, perseverance and resilience

Here are a few reminders/ tips regarding google classroom:

- Children need to click the hand in button once they have uploaded/completed their work.
- Before children click on 'view assignment' they need to make sure, they thoroughly read the instructions.
- Children need to go back into their assignment to see our comments, as they will not be notified.

As always, we are available and happy to answer questions via google classroom and support the children with their work. If you have any queries, please do not hesitate to contact us via email.

We would also like to remind you all to make sure your child is aware that they will not be sitting the SATs this year, due to the current situation. We have noticed that some children were not aware of this.

Furthermore, we have provided the children with a bank of Easter activities on google classroom. This is there for those that would like some ideas of activities they could be doing at home. We would like to inform you that this is optional and the children do not have to complete this.

In these uncertain times, children are obviously very keen to keep in contact with their friends through social media. Whilst this is a great tool for maintaining contact at a distance, we cannot stress enough that vigilance and monitoring of these platforms need to continue. Group chats, social media video apps and online messaging are still new to our children and as such, they are not always aware of how what they do and say can be interpreted by others. When your child is using these, please can you monitor what is being said and how they using them, supporting us with reiterating the online safety rules we have taught in school.

In addition, we would like to thank you for your continued support with this new way of learning.

We hope you have a wonderful Easter break.

Take care and stay safe,

The Year 6 Team
