

Worplesdon Primary School – Weekly Update

03.04.2020

Dear Parents / Carers,

We hope that you have found the last two weeks manageable and have perhaps found some fun ways to spend your time at home. It certainly is a learning curve for us all! As we reach the end of an unusual term, we want to take the opportunity to say a huge 'Well Done' to the children in Year 2. Their ability to adapt to the changing circumstances has demonstrated to us all how they are living the school values:

Resilience - keeping going even when the work is challenging.

Perseverance - working through all the technical challenges.

Teamwork - working with parents and siblings to understand the tasks and work through them.

Independence - completing work and uploading it onto the classroom.

We want to say, once again, how proud we are that the children are keeping up with their learning by uploading onto google classroom. It's so lovely to see them applying their learning at home and trying new things. Just a reminder that we won't be uploading any lessons for the next two weeks but we will be adding to our 'Easter holiday activities' section if you want a few ideas of fun things to do. Keep up with reading using bug club and do let us know by email if your child has run out of books as we are able to allocate new ones for them.

After the holidays, our theme for the term is 'Living Things' where we will be learning about animals and their habitats and plants. In Maths, the children will be learning about fractions and in English, the children will be writing character descriptions about the big bad wolf from the three little pigs - see if you have the story at home to read to them!

Keep an eye out for your Times Table Rockstar login details on google classroom so you can practise. This is a fun and interactive website that you may have seen your older brothers and sisters using.

We hope you have a lovely Easter break and let's keep our fingers crossed that the sun shines for us!

Kind regards,

Year 2 team
