

Worplesdon Primary School – Weekly Update

Friday 24th April 2020

Dear Parents / Carers,

Welcome back after the Easter holidays, we hope you were able to enjoy the sunshine over the break!

As we begin the Summer Term we would like to reiterate how well the children are coping with this new way of working and we would like to thank you all for your ongoing support.

We are moving forward with our learning and planning much as we would in school. In English we are beginning a new 3 week block of work based on a video clip called 'Taking Flight'. Our skill focus is using fronted adverbials. Next week we will be tweaking the story. In Maths, we have been investigating rounding and next week we will be moving onto telling the time.

Our topic this term is 'Awesome Architecture'. Our topic, art and DT lessons are all based around this theme and we have slightly adjusted the planning to ensure the lessons work from home.

We are so enjoying seeing all the photos, videos and documents of the work you are completing at home! If you need any help or advice don't forget you can email one of the team and we will respond as soon as we are able. We do not expect all children to complete every piece of work or task and we appreciate there will be days when school work is not a priority!

We hope that you are all staying safe and healthy, we miss seeing the children every day!

Kind Regards,

The Year 4 Team
