

## Worplesdon Primary School – Weekly Update

07.05.2020

Dear Parents / Carers,

Firstly, a HUGE well done to Year 2 for all of the hard work that is going on at home. We are so proud of each and every one of you! It is lovely to see the children's work being uploaded. Thank you for reading and replying to the comments we write on Google Classroom. It's great to see children looking back and editing their work.

This week in Maths, we have applied our learning about fractions to be able to count in fractions and solve word problems. We are now moving onto learning about position and direction in Maths. We will be using mathematical vocabulary to describe movement and turns. Look out for the practical activities as well as the written work on Google Classroom.

In English, the children have been writing character descriptions about a character of their choice. We have really enjoyed reading about the variety of characters that the children chose. Next week, we are beginning a new unit of work on the story 'The Bog Baby' by Jeanne Willis and Gwen Millward. The children will be retelling the story, which has an important message about the importance of animals being in their natural habitat.

Finally, we want to share the exciting news with you that Mrs Carey has had a gorgeous baby girl called Piper Grace. Both mum and baby are doing well.

Kind regards,

Year 2 team
