

Worplesdon Primary School – Weekly Update

Dear Parents / Carers,

Friday 15th May, 2020

It's been busy week on Google Classroom with our Meets and all the wonderful work that the year group have been producing.

In English we have been re-writing the diary entry with a character tweak. Next week, the children will be able to choose their own characters/animals and can also change the setting if they choose to. The focus is still on secure tenses so the children would really benefit from reading their work aloud to themselves – or an adult would be even better!

In maths we have been working hard on decimals and focusing on the place value of digits. We have used both standard (column method) and non-standard methods to further develop this understanding.

28 children across the year group have logged onto Spelling Shed this week and, as promised, they will be receiving some bonus coins into their account! The spellings change each week so we would encourage them to log on as often as possible so they aren't missing important stages in their spellings.

We have really enjoyed seeing so many of the children joining us on our Google Meets this week – it has been lovely to see their happy smiling faces! We will endeavour to keep the meetings on the same day and at roughly the same time each week but please keep an eye out on the stream for any updates!

As always, please contact us if you have any queries.

Kind regards,

The Year 5 Team
