

## Worplesdon Primary School – Weekly Update

Dear Parents / Carers,

Friday 22<sup>nd</sup> May, 2020

Well, we have come to the end of another half term and we are so proud of how the children and families have coped in these circumstances. Over the half term week, we are encouraging everyone to relax, read and enjoy the sunshine.

This week we have seen some very creative work! In English, the children have been continuing to review poetry by creating and performing their own poems. We have absolutely loved receiving the videos of their performances! In Maths, the children have been continuing to learn about 2D and 3D shapes and seeing their shapes come to life was fantastic!

In science this week we have continued our light unit and the children have looked at the key terms of translucent, transparent and opaque whilst testing materials for curtains. In art, the children have been learning about Mondrian (linking to their Maths) and were tasked with coming up with a piece of work influenced by his style. In their learning for life session, the children learnt about conflict and in particular how to resolve conflict. Finally, in their History session they found out about different types of Stone Age homes.

We hope that the children have been enjoying the Google Meet sessions, just a reminder that the messages pertaining to these meetings will be on the Year Group Stream and children must have an adult in the room. These may not be the same day/time each week, due to staff commitments in school.

On a separate note, after half term the children will begin a unit of learning on Time. It would be great if the children could have access to the following:

- A calendar for the whole year.
- An analogue clock.

We will be providing online resources to support them, however it is always useful to have one to hand if possible.

Please always remember that our virtual door is always open, we know these times are confusing so if you or your child would like to chat about anything, please feel free to contact any member of the Year 3 team.

We hope you have a restful week and we will see you with virtual lessons on Tuesday 2nd June.

Stay safe and well.

Sending the best of wishes, The Year 3 Team (Mrs Woodruff, Miss Connor and Miss Bennett)
