

Worplesdon Primary School – Weekly Update

Friday 22nd May 2020

Dear Parents and Carers of Year 4,

It seems very strange to be at the end of another half term without seeing any of you! We continue to be so impressed with the resilience of the children at this difficult time and we wanted to say a huge thank you to you all for your continued support.

This week in English, we have enjoyed reading your tweaked versions of 'Can You Catch a Mermaid'. Next half term we are moving onto looking at some different forms of poetry.

The children have done brilliantly in Maths this week studying line graphs and interpreting the data. We will be moving onto Geometry after half term, focusing on angles in the first week back.

We hope you enjoyed the staff's baked bean challenge! Maybe some of you would like to have a go in the holidays.

We have been delighted to see photos of some of the other things you have been doing at home such as baking and model making. You have certainly all been busy! We have also enjoyed catching up with some of you via Google Meet. Once we know when we are going to be in school after half term we will try to schedule some more.

We will not be scheduling work during half term week or on Monday 1st June, which is an Inset Day. Please enjoy this time to have some fun with your families.

We hope you all enjoy half term, we miss you all!

Best wishes,

The Year 4 Team.
