

Worplesdon Primary School

Dear Parents/Carers,

Friday 29th May, 2020

As you know from my recent communication, on Tuesday 2nd June, the school will re-open using the new Bubble system (detailed in the FAQ) to a significantly larger group of key worker children and children deemed vulnerable. To help prepare the children, I have created an assembly to explain how we are returning to school with more children. The assembly is in 3 parts:

- Part 1 - the start of the day and how the school looks
- Part 2 - the bubbles (small groups) you will be in and what the day will look like
- Part 3 - some new rules we need to put in place and how pick up will work

The assembly is saved on your child's Google Classroom.

When creating my assembly, I had all children in my mind so I believe it is appropriate for all children to see however, you may feel that it is not appropriate for your child to see until they are coming back to school.

Wishing you a wonderful weekend.

Mrs O'Brien
