

## Worplesdon Primary School – Weekly Update

12.06.2020

Dear Parents / Carers,

We hope you have had a lovely week. We continue to be incredibly proud of the amazing work the children have been completing at school and at home.

The Google Meets were really successful this week. We hope the children enjoyed them as much as we did! We will continue to meet as classes at these times each week:

Larks: Tuesdays at 1.20

Doves: Tuesdays at 2.45

This week in Maths, the children have continued to practise telling the time. They have applied their skills to finding and comparing durations of time. Next week we are moving onto measuring weight using scales. They will be introduced to grams and kilograms. Please continue to practise telling the time on analogue and digital clocks at home.

In English, the children have been retelling the story of 'The Tiny Seed' by Eric Carle. We have focussed on retelling the story by using the seasons and focussing on sentence starters. Next week, the children will be taking the tiny seed on a different adventure. We look forward to reading the children's imaginative writing.

The DT for this week was to taste fruit salads and design their own. We hope they enjoyed doing this and that they enjoy making their fruit salads next week.

Have a lovely weekend!

Kind regards,

Year 2 team
