

Worplesdon Primary School – Weekly Update

Dear Parents and Carers of Year 4,

12.6.20

Well done for once again all rising to the challenge of completing the work for this week. Whether your child is at home or in school we have been impressed with the work completed.

In English, we have been continuing our work on poetry. We have really enjoyed reading the poems the children have written, they are so creative! Next week we are moving onto our new text which is a video clip called 'Embarked'. Our grammar focus will be different sentence types: simple, compound and complex.

In Maths, we have been investigating polygons. Next week we will continue to learn about shapes with a focus on symmetry.

On Monday at 10:35, Miss Baynes will be holding a virtual music lesson. The link will be posted onto the stream just before the lesson. We look forward to seeing some of you then.

We very much enjoyed seeing the inventive way the children retold the RE story of 'The Feeding of the 5000' last week. We had comic strips, art work, stories, drama, puppet shows and computer work. It was a great variety!

We have received many photos by email that show some of the extra things you have been undertaking at home. For example: baking, art, bike rides etc. It's great to see the children looking happy and engaged.

As we said last week, now that some Year 4 staff are in school, you may find other team members responding to the work and emails. We are regularly meeting online as a team so that any issues or difficulties that arise can be resolved.

Thank you once again for all your support,

The Year 4 Team.
