

Worplesdon Primary School – Weekly Update

Dear Parents / Carers,

Friday 17th July, 2020

We have been so impressed with the effort that the children have continued to put into their learning this week. This is always a tiring time of year after a long term and with the added challenges of learning at home for some and having different teachers for others, we are really proud that they have continued to show resilience in their learning.

In maths we have been practising using the standard methods for the four operations and solving problems with these. It has been great to see lots of the children tackling the chili challenges this week.

In English the children have been writing biographies about a person of their choice. The children were so creative and we really enjoyed reading them!

We have absolutely loved seeing the photos and videos of the children completing their sports days in school and at home and we want to say a huge thank you for supporting them to take part. We have also had so much fun taking on the Y5 exercise challenge set by Miss Parker and can't wait to see who the winning class will be; we think it's going to be a close one!

On Tuesday next week at 1.30pm there is going to be a fun Y5 quiz for what we hope will be a lovely opportunity for us to get the whole year group together. We really hope that all the children are able to make it.

As you will have seen on the previous Parentmails, each class will be having a 40 minute good-bye session on the field next week. Owls will have their session Monday 20th July 1.10-1.50pm; Jackdaws Monday 20th July 2.30-3.10pm; and Robins Wednesday 22nd July 10.40-11.20am. We will be meeting on the field but unfortunately due to us maintaining social distancing, parents will be unable to wait on site. Please could the children bring a water bottle in and wear suncream if the weather is warm. We cannot wait to see them!

Kind regards,

The Year 5 Team
