

## Worplesdon Primary School – Weekly Update

Friday 18<sup>th</sup> September 2020

Dear Parents / Carers,

This week, Year 5 have been continuing to work hard on their tweaks to the characters in Lost Happy Endings with some amazing creations and really imaginative vocabulary. We have also continued our work on place value looking at comparing and rounding larger numbers. We are continuing to explore our Geography topic about the Americas and the children have really enjoyed finding out about the planets in Science.

Please note that if your child must remain at home, but is well enough to complete work, all of the work from school is available online on Google Classroom. This is monitored throughout the day so questions can be answered if needed but please bear in mind that we are also teaching at the same time so this may not be immediate.

We have posted a New to Year 5 Information Powerpoint on Google Classroom alongside a video of us talking through the Powerpoint. Please take the time to read this through and find out what we are doing this year! If there is anything that you are unsure of, please don't hesitate to ask us. We are excited about the forthcoming topics and activities but please be aware that some of these are Covid dependent. We will do our utmost to keep you informed of upcoming events and any changes that we may have to put in place.

Thank you to those who are bringing in field shoes; as the weather deteriorates, this will become really important in allowing the children access to the field for their play times.

Thank you for your continued support,

The Year 5 Team

Miss Hines, Mr Kennedy and Mrs Reed
