

Worplesdon Primary School – Weekly Update

2.10.20

Dear Parents and Carers of Year 4,

Here is our weekly update of news in Year 4.

This week we have begun our new three-week block of work in English. We are focussing on non-chronological reports about rivers. Our skill focus is the correct use of headings, sub-headings and paragraphs. Next week we will be tweaking our report to include some different paragraphs. Our second non-chronological report will be all about the water cycle.

In Maths we have been looking at negative numbers and Roman Numerals. Next week we are moving onto addition. We will be recapping their learning from Year 3 and building upon that.

Thank you so much to all those of you who have sent in a spare pair of field shoes. This week has been the first week when some of the outside areas have been slippery and wet. Field shoes can be a pair of old trainers, wellies or sturdy shoes in a named carrier bag please.

Just a reminder that we are trying hard not to share equipment in school. Most of the children have their own pen, pencil, ruler, coloured pencils, white board marker and glue stick. This is immensely helpful in stopping the spread of infections. All these items should be in a small named pencil case please.

This week the children have all taken part in the Marathon challenge, running laps of the school field. You should have received a sponsor form. Thank you in advance for your support!

Our Assembly and Learning for Life focus has been anti-bullying this week and we have been discussing as classes how to deal with any instances of bullying.

In the next week or so you will receive details about this terms Parental Consultations so please keep a look out for these.

Kind Regards,

The Year 4 Team.
