

Worplesdon Primary School – Weekly Update

Friday 18th September

Dear Parents / Carers,

The children have continued to settle in well, engaging with the learning and trying their best each lesson. In maths, we have continued with place value, rounding numbers up to 10 million. In English, the children have tweaked the story of King Midas and the Golden Wish, changing his power. The children's ideas were excellent and we have thoroughly enjoyed reading their tweaked versions of the story.

On Monday, via Google Classroom, we will upload a video/presentation for parents detailing some key information about Year 6. If you have any questions regarding the information provided, please don't hesitate to contact your child's class teacher.

In addition, we have also uploaded the Autumn Term homework passport, with a range of activities linked to our learning this term. As well as this, the children should all have a reading book at home, taken from our class selection of books from the library. As a reminder, we would like the children to complete at least four reads per week.

Next week, Christ College have asked to share a presentation with the children all about life at Christ College. All the children will be tuning into a live google meet on Wednesday 23rd September, presented by members of the Christ College staff.

Thank you for your continued support and we hope you have a restful weekend,

Mr Clifton, Miss Dunne and Mr Djadali
