

Worplesdon Primary School – Weekly Update

Friday 20th November

Dear Parents / Carers,

We simply can't believe we will be breaking up for Christmas in less than a month! Time is just flying by and the children are continuing to work hard and live by the school values.

Reminder: As communicated in the email earlier this week, your child's password has been changed to all of our online services except TTRockstars. To ensure these remain secure, we will not be giving the children a copy to stick in their reading diaries. As a special homework this week, we would like the children to try to memorise them. If you didn't receive an email containing your child's password, please contact the office so they can update their contact details for you.

Thank you so much for your support with Children in Need last week. The children had a wonderful day and really took time to reflect on what the point raising money was. It is lovely to see them growing in maturity and recognising the positive impact they can have on others.

Over the next few weeks, linked to the science national curriculum, we will be learning about the affects drugs and alcohol have on the body. We feel that this is an essential part of the education so that we can pre-empt situations they may find themselves in in the future. If you would like to discuss the content further, please don't hesitate to contact your child's teacher.

During the week beginning 30th December, we will be completing our first full set of mock SATs. We cannot stress enough that this is a learning experience and the final score is not the important part at this point in the year. If you could echo our words of positivity and encouragement with the children at home, that would be really helpful.

Finally, thank you for your support with sending a spare pair of shoes and coats to school every day. As the weather continues to change, having these in school every day is very important as we may need to swap break slots around.

Have a great weekend,

Mr Clifton, Miss Dunne and Mr Djadali
