

Worplesdon Primary School – Weekly Update

Friday 18th December

Dear Parents / Carers,

It has been a really festive week in school in the run up to Christmas. We have been busily rehearsing and recording our Christmas assembly for you. It is now available on Google Classroom for you to watch and enjoy; we hope it makes you feel festive!

Over the week, we have immersed ourselves with a RE day looking at churches and the symbols within them as well as our DT day where we explored the structures of different bridge types and worked in groups to plan, construct and evaluate our own bridges. The children were excellent and really demonstrated resilience, patience and creative thinking with their structures.

We also spent time sharing our Autumn Term Homework with partners. It was lovely to see the children showing each other what they had completed over the term and sharing their independent learning tasks. In the Spring term, we will be sharing the new homework passport and asking children to choose six tasks to complete for the end of the term. As with this term, please can all homework items be uploaded to Google Classroom in advance.

To celebrate the end of term, we completed some Christmas crafts and really go in the mood for the holidays today.

It has been a term to remember and we would like to take this opportunity to thank you for all of your hard work at home and support of what we are doing in school. It is hugely appreciated. We hope that you have a lovely, restful holiday and we look forward to seeing you all in 2021!

Thank you for your ongoing support,

The Year 5 Team

Miss Hines, Mr Kennedy, Mrs Reed
