

## Worplesdon Primary School – Weekly Update

18/12/20

Dear Parents / Carers,

Well we have come to the end of our first term and what a fantastic term it has been. We are so proud of the children and the determination and resilience that they have shown.

In English, we have tweaked our narrative of Monty the Penguin and the children have chosen different settings and characters and used the skills they have been taught in our lessons this term. In Maths, we have introduced a new learning concept to support the children's mathematics vocabulary - Number Talk, which involves articulating different strategies to solving problems. They have also been solving lots of challenges in Christmas themed activities and conducted a mini assessment to identify strengths and areas for development in Multiplication and Division. In DT, we have evaluated our pots and have sent them home for you to admire. In Learning for Life, we have been writing letters of appreciation to family and friends. We also explored The First Christmas in our R.E. Day. The children learnt about the importance of religious symbols in art and the nativity story. They also made their own Christingles.

### Christmas performance videos

The Christmas videos are available for you to view in the Year 3 Google classroom.

**We would like to take this opportunity to say a huge 'Thank You' for all your support this term and a in particular for the gifts that have been sent into school. It is very generous of you!**

Kindest regards.

Mrs Woodruff, Miss Brake, Miss Bennett and Miss Flashman
