

Worplesdon Primary School – Weekly Update

15.1.21

Dear Parents and Carers of Year 4,

We are at the end of another successful week, both in school and at home. It's lovely to see so many children joining in with assemblies, live lessons and Google Meets. Having contact with their classmates is so important!

We are currently putting together a timetable for live lessons for you so that you can see in advance when they are happening. We will let you know exact dates and times next week. Thank you for your patience and support.

This week in English we have been writing our tweaked diary entries ready to write our new stories next week. Our focus is still using a range of fronted adverbials but we will be writing our own adventure set in space.

In Maths we have been using and applying the short method of multiplication, before moving onto short division next week.

This week our spelling format will change to the Read, Write Inc booklet that we use at school. There will be daily videos to support you with this. Any questions let your child's class teacher know.

Each Friday, the winners of the 'Golden Leaves' will be published on the stream. If your child is at home we are holding onto the certificates until they are able to return.

Occasionally, we will be sharing some of the work from both home and school without the children's name on. If you would rather we did not include your child's work could you please let their class teacher know.

Just a quick reminder: If you can, please comment on your child's work as they hand it in, this way we are alerted to the fact that it is complete so that one of the Year 4 team can mark it. Many thanks!

We hope that everyone is staying healthy and safe. We are very proud of how the children are working and how they are showing the value of the month which is resilience and perseverance.

Kind regards,

The Year 4 team.
