

Worplesdon Primary School – Weekly Update

Friday 15th January

Dear Parents / Carers,

Thank you for everyone who has helped make online learning at home that bit easier, has supported their child and in turn helped us in our provision. We appreciate that it is not an easy thing for you to manage at home and as you know, we are constantly evolving what we are providing to help make it that bit easier for you.

We have provided you with the weekly overview of learning so that you can see how this breaks down each day. We aim to provide a video input for each online lesson as needed. Please can you remind your child to read the instructions on the Google Classroom task, to watch any videos, to read the PPTs thoroughly and complete tasks carefully before handing them in when they are finished. Where needed, we also provide answers for children to self-mark as they would do in class. We encourage the children to be independent learners by asking us any questions through the private comments online. There is always someone there to support them.

If you are struggling with any aspect of the online learning, please let us know. Our goal is for every child to be accessing the online learning, completing their work and not missing out on their education in any way.

This week, as Mrs O'Brien has outlined in the newsflash, we will be building in more live lessons. If attending, please can your child attend the lessons for their class only unless it is otherwise stated. We aim to present live lessons with the needs of the separate classes in mind and they are therefore tailored for each class.

The children in school have been busy working hard this week and have really enjoyed seeing those at home during the live lessons this week.

If you have any questions, concerns or would like to get in contact with us regarding online learning, please don't hesitate to do so; we know that this is a challenging time for everyone.

Thank you for your ongoing support,

The Year 5 Team

Miss Hines, Mr Kennedy, Mrs Reed
