

Worplesdon Primary School – Weekly Update

Friday 5th February 2021

Dear Parents / Carers,

As always, we want to start with a huge thanks you to all the children and parents for all the amazing effort across the half term. As a team we couldn't be prouder of the children and how they have met the different challenges they have faced with resilience and determination. We really hope that you all get time rest and relax over half term.

Thank you for your positive feedback on our voice notes that we are now able to send children when marking their work, it is lovely to hear that the children are enjoying listening to our feedback. As we move forward with home learning, we would really value you sharing with us if or when your children have needed support to understand a new concept or if they have found something particularly tricky. This does not need to be daily comments on work but just a brief note on a piece of work if it has been particularly challenging for your child that day. This will help us with our planning moving forward to support all the children.

We continue to check and update bug club where needed so please feel free to use this great resource to read with your children at home. We know some children have been sharing screens with Grandparents and reading to them which has been a lovely idea.

Please look on the google classroom stream today for a little video message from us to say well done.

Please feel free to email us with any questions and we will answer as soon as possible. If you have an urgent query you can phone or email the office team as they can get a message to us whilst we are teaching the class.

A huge thank you once again!

Wishing you all a wonderful half term. Stay safe!

The Year One Team
