### SCHOOL TRAVEL

*Our school are assisting Surrey County Council's Safer Travel Team to undertake research with parents of primary aged pupils' types of travel to and from school.*

*The objective of the research is to develop a better understanding of the different types of travel, how frequently they're used, why that type is used, and if that preferred type has changed or been influenced by Covid-19 coronavirus.*

*Once the Safer Travel Team have collected and analysed this information provided by parents, their goal is to obtain a better understanding of journeys to school, so they can continue encouraging safer and more active travel to school for all children in Surrey.*

*Please could I ask that you review and complete the survey using the link below. The closing date for completing the survey is 11.59pm on 16th April and the survey should be completed for each child that attends our school. If you have another child which attends a separate primary school, please complete an additional survey.*

*Thank you for continuing to support our school to improve pupils' journeys to school.*
