

Friday 7th May 2021

Dear Parents / Carers,

What an amazing NSPCC Number Day today! We followed the number trail in the environmental area, played dominoes, completed challenges in PE and did other number puzzles.

Thank you for all your support and partnership in your child's learning. We can really see the impact that daily reading is having.

Curriculum

As Writers we have innovated the story of Jasper's Beanstalk and had a go at writing our own stories. We have continued to focus on varying the way our sentences begin and adding in extra detail.

As Mathematicians we have been making equal groups and used the division sign in number sentences.

As Scientists we have been investigating how roots effect plants and flowers.

As Computing experts we have continued to use 2Go in the tools section on Purple Mash. This week we have been making a set of instructions.

As Artists we have been using running stitch to make pictures.

As Athletes we have completed lots of number challenges as part of NSPCC Number Day.

As Religious experts we have continued to explore Jesus' two great commandments; to love God and love others. We have looked at the difference it makes in how we treat each other.

Supporting at home

You can support at home by reading daily, it makes such a difference to their progress if they can be heard every day. Practising phonics, practicing recognising, ordering and writing numbers to 50 and spelling tricky words would all really help too. Writing number names is a great support.

This week the phonics we are practicing are:

oe air ey

The words we are practicing spelling independently are:

where were

Ongoing reading and spelling of the Year One common exception words (on google classroom) is a great way to support your child.

In maths:

Counting in 2's 5's and 10's then making groups of 2/5/10 and using the language ___ groups of 2/5/10 equals ___ would be a great support.

Useful Information

Please make sure that everything is clearly named – sun hats, water bottles, PE jumpers, wellies etc.

Worplesdon Primary School – Weekly Update

If anyone has a child's cycle helmet they no longer want Reception would really appreciate donations of these.

Please feel free to contact us with any questions or information you feel we need to know via email. We will check our emails before and after school but please feel free to phone the office if you have an urgent query during the school day.

Wishing you a good weekend!

Thank you for your ongoing support,

The Year One Team
