

Worplesdon Primary School – Weekly Update

Friday 9th July

Dear Parents / Carers,

This week, the children have really demonstrated resilience, perseverance and an excellent work ethic! They have worked exceptionally hard on the test papers this week, and really shown off what they have learnt this year. Whilst the papers did have some tricky questions in them, which won't be taught until Year 6, this didn't faze them! We are incredibly proud of the positive attitudes demonstrated in all classrooms this week! Really well done to all of the children.

Next week, we are back to a normal timetable and will be continuing to look at the story Tuesday with the children creating their own version of this. We will also be looking at coordinates, shape and translation in maths. We are also looking forward to looking through and sharing everyone's work from the Homework Passport! Please make sure that your child's work is fully loaded on Google Classroom as we will be having sessions to share our work next week.

As the weather continues to be unpredictable, please can we remind you to make sure your child comes to school with a water bottle and wearing their sun cream (as we are unable to provide this in school, so children need to have this applied before they come to school) or a waterproof coat when necessary dependent on the weather forecast. We are keen for the children still to go out in the wet as it is not cold.

On the last day of term, please can your child bring a Bag for Life or similarly strong carrier bag to school as we will be emptying trays and sending home completed books.

Thank you for your ongoing support.

The Year 5 Team

Miss Hines, Mr Kennedy and Mrs Reed
