

Worplesdon Primary School – Weekly Update

Friday 9th July 2021

Dear Parents / Carers,

Wow! We cannot quite believe where the time is going. Despite it being so close to the end of term the children are still working so hard and continue to make us proud everyday.

Curriculum

As Writers we have tweaked the story of 'The Very Lazy Ladybird,' focussing on the suffixes ing and ed. We have chosen a new character for our story 'a bee.'

As Mathematicians we have been learning about weight. We have had a great time using the scales in the classroom to compare the weight of different objects.

As Historians we have been learning about toys from the past and have enjoyed playing with some of these toys in class.

As Computing experts we have used the paint programme on purple mash to create our own pictures.

As Athletes, we have been practising our sports day games with our classes.

In Religious Education we have identified features inside and outside a church.

In Learning for Life we have been talking about our new class and teacher for next year! How exciting!

Supporting at home

You can support at home by reading daily, it makes such a difference to their progress if they can be heard every day. Practising phonics, practicing recognising, ordering and writing numbers to 50 and spelling tricky words would all really help too. Writing number names is a great support.

This week the phonics we are practicing are:

Real and alien words

The words we are practicing spelling independently are:

one once here were

Ongoing reading and spelling of the Year One common exception words (on google classroom) is a great way to support your child.

In maths:

Soon we will be learning about capacity. We will be using the vocabulary of full, half full, empty and using millilitres to measure capacity. If you have a measuring jug please can you start to talk about this with your child.

Useful Information

Please send in a sun hat as they are out in the midday sun and we don't want anyone to feel unwell or get burnt.

Please make sure that everything is clearly **named**, some names are getting very faint in the wash – coats, sun hats, water bottles, PE jumpers, wellies etc.

Worplesdon Primary School – Weekly Update

We aim to get children out to playtime as much as possible, even in light rain, so if it's forecasting rain please send in coats.

Please could you remind your child to always try to go to the toilet at playtimes to help ensure that they do not have to wait for a longer time. We remind children about this daily so it is useful for them to hear as many reminders as possible.

We are really hoping that the weather stays dry for our infant sports day on Tuesday 13th July! The children have worked so hard to prepare for this and we are all really looking forward to it!

Wishing you a lovely weekend!

Thank you for all your support,

The Year One Team
