

Safeguarding Update

September 2021

Issue 33

At Worpleston Primary School we take children's online safety very seriously and hold regular internet safety lessons to raise children's awareness and provide them with information on how to conduct themselves in a range of online contexts.

There are a huge number of resources available to aid sensible and factually correct online safety education. Lots of these resources are suitable for parents as well as teachers:

<https://www.saferinternet.org.uk/advice-centre/parents-and-carers>

<https://www.nspcc.org.uk/keeping-children-safe/online-safety/>

These websites have lots of other information that you might find useful when overseeing your child's use of the internet. We cannot emphasise enough the importance of being vigilant when your children are online.

If you have any further queries or questions about this or any other online safety issues, please do not hesitate to contact us

The Surrey Family Support Programme

The Surrey Family Support Programme uses a whole family approach.. It allows families to build on their strengths while helping them to overcome some of the concerns, difficulties, challenges or obstacles they may have in their lives.

The programme particularly helps families whose children or young people:

Family Support can help with:

- Housing - including budgeting, benefits, essential furnishings/repairs and community relationships.
- Keeping your family safe - help with health, stress and depression, managing disabilities, drinking or drugs.
- Couple relationships - help can be given regarding co-parenting and managing conflict.
- Parenting - we can give advice on relationships, communication, routines and children's behaviour
