

Worplesdon Primary School – Weekly Update

Dear Parents / Carers,

Friday 24th September

Wow what a busy week we have had! In dance this week, the children became secret agents and created dance routines to the sound track of mission impossible. They loved performing their routines to their peers. In Science, we looked at how states of matter can change and experimented by melting chocolate. Your children were also fantastic artists and explored mixing colours to create different shades and tints.

On Monday (27th) individual school photos as well as sibling photos will be taking place. Please ensure your children come into school in the correct school uniform.

In addition, on Friday 8th October, Nightingales will be performing the second class assembly of the year. As you know, to keep everybody safe, we will only be able to invite one adult per family and we will be asking you to wear masks and social distance during the performance. Thank you for your understanding.

Our next unit of English will be based around dinosaurs. If you have any books at home about dinosaurs we would love for your children to bring them in for our hook lesson at the beginning of the unit. The hook lesson will be taking place on Monday 4th October.

Wishing you a wonderful weekend.

The Year 4 Team
