

Worplesdon Primary School – Weekly Update

Friday 15th October 2021

Dear Parents / Carers,

It was lovely to speak to so many of you in our parent consultation meetings this week and to share how well the children are doing in Year 3 so far!

In English, the children have worked hard to write their stories about pirates with prepositional phrases in. Next week the children will be inventing new stories based on Captain Flinn and the Pirate Dinosaurs, changing the setting and type of transport. In Maths, we have continued subtracting and the children can now subtract a 2-digit number from a 3-digit number using column method. Next week, we will be doing a mixture of addition and subtraction calculations and word problems.

On Monday, we will be sending home maths and English books. This will enable you to see what the children have been doing this term. Please can you make sure that these are returned to school for Tuesday morning so that the children can continue their work.

Thank you for support your child with the homework passport so far, it is lovely to see some photos of work being uploaded onto Google Classroom already. We are looking forward to our sharing session in December. Please speak to your child's class teacher if you have any difficulties with or questions about the homework.

Thank you for ensuring that your child is not wearing earrings on our PE days. As the weather gets colder, please ensure you're your child is also dressed appropriately on these days. The children will be using the field for PE throughout Winter so please bring a second pair of trainers into school for the children to change into. These can be left in school on the children's pegs or brought in every Wednesday (Tuesday's PE lesson is inside). We will ask children to change into these for PE on the field, and then change back into their PE trainers afterwards.

Sparrows class assembly is on Friday 5th November (which is the first Friday after half term). Next week, Sparrows children will be coming home with some words to learn, please could you support them with learning these.

Please don't hesitate to get in touch if you have any questions or concerns throughout the year. Our email addresses are below.
