

Worplesdon Primary School – Weekly Update

Dear Parents / Carers,

Friday 21st January

Firstly, we want to say a massive well done to Woodpeckers for their amazing class assembly all about rivers. The children have worked so hard, learning their lines and performing to the best of their ability for you. We are very proud of them as we are sure you are too!

The children have been really enjoying the new PE topic for this half term which is Netball. We have been working on our chest passes this week and the children have already made fantastic progress in just 3 weeks so far.

We have also been adding to our rainforest projects this week with beautiful bird displays in our windows and lovely leaves hanging from the ceiling. Each classroom is slowly turning into a rainforest paradise and it is so wonderful to see the children's hard work be displayed across the whole year group. The children have also been thoroughly enjoying this project and they can't wait for the weeks to come.

As you know, we are very lucky to be going on a residential trip to Kingswood in Kent from 4th-6th May. A letter has been sent out with lots of information all about this trip. There is also a link in the letter to a presentation from the class teachers explaining a little bit about Kingswood as a site and what we get up to when we are there. If any questions arise whilst you are watching the presentation, there will be an opportunity for these to be answered on Thursday 27th January from 4pm. This will be a Google meet with the year 4 class teachers where you can ask any questions that you have all about the trip. The link for this meet has been sent out on the same letter. We look forward to seeing some of you then and answering any questions that you have.

Thank you for your continued support,

The Year 4 Team
