

Worpleston Primary School – Weekly Update

Dear Parents / Carers,

Friday 4th February

It has been another busy week in year 4 as we approach the end of the half term.

The children have impressed us with their work on fractions. Over the last two weeks, the children have grown in confidence. We have learnt about equivalent fractions, fractions greater than a whole as well as adding and subtracting fractions with the same denominator.

In English this week, the children came up with their own characters for Oliver Twist to meet. We have thoroughly enjoyed reading about their new characters.

We just wanted to give you a kind reminder that the children should be completing four signed reads every week as part of their homework. This is really important for helping to build their confidence and resilience when it comes to reading. We appreciate your support with this.

Last week, we conducted a virtual Q&A all about the Y4 residential in May. Please find attached the FAQ document with all the question and answers from the session

In addition, we have finalised a date for our final residential meeting whereby we will share a kit list and more information regarding things like drop off, timings etc. This will happen on Thursday 31st March at 4:30.

Please see below a reminder of timings for the beginning and end of the day:

Morning drop off

Water and Fire – 8:40-8:50

Earth and Air – 8:50-9:00

Afternoon pick up

Water and Fire – 3:00-3:10

Earth and Air – 3:10-3:20

Finally, if you have any queries or questions, as always please don't hesitate to contact your child's class teacher.

Wishing you a wonderful weekend.

The Year 4 Team
